Step 1

A loan officer meets with you to fill out a loan application. You provide the documents listed below. The loan officer will then order a credit report.

Step 2

Your application is processed with the documents you've provided. The title work and appraisal for your new property are ordered.

Step 3

The completed title work and appraisal are added to the documents received in Steps 1 & 2. All of the information is then sent to our underwriting department. Here, your application will be approved or additional information will be requested.

Step 4

Upon final approval, your information is forwarded to our closing department. Documents and instructions for closing are prepared and sent to your title company.

Step 5

The closing. Final documents are signed and funds are disbursed.
